

Help the Golden Retriever Rescue of Michigan (GRRoM) raise funds to help homeless and displaced Golden Retrievers by working with EnerCom, Inc. to select Integrys Energy Services-Natural Gas (Integrys) as your alternative natural gas supplier.

GRRoM has developed a program that offers attractive pricing for the natural gas you need AND raises funds to provide vulnerable Golden Retrievers with shelter, food, companionship and medical attention. GRRoM has partnered with Integrys, a Michigan natural gas supplier, and EnerCom, an energy agent to Integrys, to offer local residents and small businesses the Michigan natural gas choice program. Participants enjoy great natural gas rates, friendly 24/7 service, plus with each enrollment Integrys makes a donation to GRRoM.*

Help GRRoM AND Your Pocketbook

Your participation will not only potentially save you money on your natural gas, but with every new enrollment, Integrys will contribute \$30 to the GRRoM, benefitting their worthy efforts for Golden Retriever Rescue! Every annual renewal will generate an additional \$25 donation, too!**

All you have to do is enroll. Spread the word because any residential or small commercial customers located in the MichCon, MGU or Consumers Energy service territory can enroll: family members, friends, neighbors and small businesses. Donations are made on new enrollments and annual renewals! GRRoM Program participants can receive energy pricing not offered publicly to other Choice program participants, for both fixed and variable pricing programs—which means you save when compared to other publicly available prices from Integrys.

Quick and Easy

Enrollment is quick, easy and can be done at your convenience, 24 hours a day, seven days a week! Simply log on to integrysenergy.com/GRRoM to enroll in a few easy steps. Please have a recent utility natural gas bill handy, as you will need your utility account number to enroll.

Local Program Management from a GRRoM Member

Brian Jakubczyk of EnerCom, Inc., a GRRoM Member and energy professional, will manage this program and work with Integrys to coordinate competitive pricing and a variety of attractive plan options. To discuss your specific opportunity for natural gas savings, please call Brian at **810-429-0025**, or e-mail him at energy_guru@comcast.net today!

The Nation's Leading Alternative Energy Savings Agency

For variable priced programs, Buyer's natural gas supply price will vary monthly based upon the Market Price as determined upon the settlement price of the natural gas futures contract as traded at the NYMEX on the 18th day of the month prior to delivery of the applicable futures contract plus an adder not to exceed \$1.10 per Mcf. If the 18th does not fall on a business day, then the settlement price on the first preceding business day shall be used. As an example for illustrative purposes only, if the NYMEX settles at \$5.00 per Mcf, and the maximum adder is \$1.10 per Mcf your price would be \$6.10 per Mcf. Prices will be converted to Ccf for MichCon customers, meaning the \$6.10 per Mcf would be converted to \$0.610 per Ccf.

*Market Price' when used in this section means the Henry Hub natural gas futures contract price for the relevant period (as published by the New York Mercantile Exchange "NYMEX"). This program is open through August 31, 2014.

*Integrys Energy Services - Natural Gas, LLC serves large commercial, small commercial and residential customers in the MichCon, MGU and Consumers service areas in the State of Michigan.

**Donation to GRRoM programs requires a new 12-month contract; donations will also be made on subsequent 12-month contract renewals.
